

Title: In Between Years

Author: Cherry DeLite

Not long after the
death of Beowulf, she
met Arakad Thorn. But
it was not meant to be.
Not at this time.

Lord Tai, a long friend
of Starfire, adopted
Tatiana as a sister. He
had three small children
and wanted to be sure
they had someone to help
look after them in case
he were ever lost in
battle. He helps protect
her to this day.

Tatiana continued to
help others, working her
crafts, perfecting them.
She has always been quiet
and polite. Her mother
use to stress how
important it was to be
polite to others, her
betters. Tatiana always
remembered her humble
beginnings. She continued
to work with the UBB,
helping others learn
crafting arts, gathering
resources.

Mazewood continued to
grow into a fine town,
consisting of the manor
house, the garden, the
crafting shop, a stable,
tavern and apartment
building.
